FCC Form 481 – Line 112

It is estimated that [REDACTED] of universal service funding received in 2014 was used to ensure and improve *service quality*. This ensures that the network is maintained and operated to provide telecommunications and information services as well as interexchange services and advanced telecommunications that are reasonably comparable to those services offered in urban areas and are available at rates that are reasonably comparable to rates charged for similar services in urban areas. We believe it is reasonable to conclude the [REDACTED] of universal service funding received in 2014 will be used to ensure and improve service quality in 2015.

It is estimated that [REDACTED] of universal service funding received in 2014 was used improve *service coverage* at the wire center served by our company for telecommunications and information services as well as interexchange services and advanced telecommunications (broadband). Due to these expenditures, [REDACTED] of households in our service area will have access to our broadband capable network as of July 1, 2015. We believe it is reasonable to conclude the [REDACTED] of universal service funding received in 2014 will be used to improve service coverage in 2015.

It is estimated that [REDACTED] of universal service funding received in 2014 was used improve *service capacity* at the wire center served by our company for telecommunications and information services as well as interexchange services and advanced telecommunications (broadband). Due to these expenditures [REDACTED] of households in our service area will have access to our broadband capable network at speeds that meet or exceed [REDACTED] as of July 1, 2015. We believe it is reasonable to conclude the [REDACTED] of universal service funding received in 2014 will be used to improve service capacity in 2015.
